

# ANNUAL PERFORMANCE STATEMENT For the Year Ended 30 June 2024

## **Description of Municipality**

Hepburn Shire is a small rural Shire, with a population of 16,555. The population is projected to reach 17,700 by 2036. The Shire covers an area of 1,473square kilometres which includes Clunes, Creswick, Daylesford, Hepburn Springs and Trentham, and the villages of Glenlyon, Allendale, Kingston, Leonard's Hill, Lyonville, Newlyn, Denver and Smeaton, and other smaller settlements, each with their own unique identity and character. Located in central Victoria, the Shire is ideally situated within easy access to Melbourne, Ballarat and Bendigo. It is a great place to live, work, invest and visit.

Hepburn Shire has a rich cultural history which began with the Dja Dja Wurrung People, the Traditional Owner and custodian's of the area. Mass migration during Victoria's goldrush era saw many cultures settle in the region, which created a distinctive architecture and culture, still present throughout the Shire today. The Shire is renowned for its native forests, mineral springs reserves and waterways, botanical gardens, volcanic plains with rich soils, gold, and many spectacular heritage buildings. It is a popular tourist destination that has a reputation for indulgence and relaxation, festivals and outdoor recreational activities.

The Shire has a vibrant and diverse welcoming community that is well services by schools ad childcare, recreation facilities, libraries, hospitals and shopping precincts. There is a large range of events throughout the year including markets, community run festivals, book fairs, LGBTIQA+ festivals and artisan masterclasses. With a strong arts a community there are opportunities to visit artist studios, exhibitions and workshops.

There has been three significant storm events that have impacted the Shire during 2021/2022 and 2022/2023 and the recovery works required following these storms have had a significant financial impact on the Council. Commentary throughout the performance statements will reflect the impact of the storm events on Council's results.

## Other Information

## 1. Basis of preparation

Council is required to prepare and include a performance statement within its annual report. The performance statement includes the results of the prescribed sustainable capacity, service performance and financial performance indicators and measures together with a description of the municipal district and an explanation of material variations in the results. This statement has been prepared to meet the requirements of the Local Government Act 2020 and Local Government (Planning and Reporting) Regulations 2020.

Where applicable the results in the performance statement have been prepared on accounting bases consistent with those reported in the Financial Statements. The other results are based on information drawn from council information systems or from third parties (e.g. Australian Bureau of Statistics or the Council's satisfaction survey provider).

The performance statement presents the actual results for the current year and the previous three years, along with the current year's target, if mandated by the Local Government (Planning and Reporting) Regulations 2020. Additionally, for the prescribed financial performance indicators and measures, the performance statement includes the target budget for the current year and the results forecast for the period 2024-25 to 2027-28 by the council's financial plan.

The forecast figures included in the performance statement are those adopted by council in its Annual Budget on 25 June 2024 and which forms part of the council plan. The strategic resource plan includes estimates based on key assumptions about the future that were relevant at the time of adoption and aimed at achieving sustainability over the long term. Detailed information on the actual financial results is contained in the General Purpose Financial Statements.

The Local Government (Planning and Reporting) Regulations 2020 requires explanation of any material variations in the results contained in the performance statement. Council has adopted materiality thresholds relevant to each indicator and measure and explanations have not been provided for variations below the materiality thresholds unless the variance is considered to be material because of its nature.

## Certification of the performance statement

In my opinion, the accompanying performance statement has been prepared in accordance with the *Local Government Act* 2020 and the Local Government (Planning and Reporting) Regulations 2020.

Principal Accounting Officer

Date: 9 October 2024

In our opinion, the accompanying performance statement of Hepburn Shire Council for the year ended 30 June 2024 presents fairly the results of council's performance in accordance with the Local Government Act 2020 and the Local Government (Planning and Reporting) Regulations 2020.

The performance statement contains the relevant performance indicators, measures and results in relation to service performance, financial performance and sustainable capacity.

At the date of signing, we are not aware of any circumstances that would render any particulars in the performance statement to be misleading or inaccurate.

We have been authorised by Council and by the Local Government (Planning and Reporting) Regulations 2020 to certify this performance statement in its final form.

# **Independent Auditor's Report**

## To the Councillors of Hepburn Shire Council

## **Opinion**

I have audited the accompanying performance statement of Hepburn Shire Council (the council) which comprises the:

- description of municipality for the year ended 30 June 2024
- sustainable capacity indicators for the year ended 30 June 2024
- service performance indicators for the year ended 30 June 2024
- financial performance indicators for the year ended 30 June 2024
- notes to the accounts
- certification of the performance statement.

In my opinion, the performance statement of Hepburn Shire Council in respect of the year ended 30 June 2024 presents fairly, in all material respects, in accordance with the performance reporting requirements of Part 4 of the *Local Government Act 2020* and Local Government (Planning and Reporting) Regulations 2020.

## Basis for Opinion

I have conducted my audit in accordance with the *Audit Act 1994* which incorporates the Australian Standards on Assurance Engagements. I further describe my responsibilities under that Act and those standards in the *Auditor's Responsibilities for the Audit of the performance statement* section of my report.

My independence is established by the *Constitution Act 1975*. My staff and I are independent of the council in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to my audit of the performance statement in Victoria. My staff and I have also fulfilled our other ethical responsibilities in accordance with the Code.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

## Councillors' responsibilities for the performance statement

The Councillors are responsible for the preparation and fair presentation of the performance statement in accordance with the performance reporting requirements of the *Local Government Act 2020* and Local Government (Planning and Reporting) Regulations 2020 and for such internal control as the Councillors determines is necessary to enable the preparation and fair presentation of a performance statement that is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the audit of the performance statement As required by the *Audit Act 1994*, my responsibility is to express an opinion on the performance statement based on the audit. My objectives for the audit are to obtain reasonable assurance about whether the performance statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Standards on Assurance Engagements will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the decisions of users taken on the basis of this performance statement. As part of an audit in accordance with the Australian Standards on Assurance Engagements, I exercise professional judgement and maintain professional scepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the performance statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the council's internal control
- evaluate the overall presentation, structure and content of the performance statement, including the disclosures, and whether performance statement represents the underlying events and results in a manner that achieves fair presentation.

I communicate with the Councillors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.
